

**EPEC 2021 (Electrical Power and Energy Conference) “Renewable Energy and Smart Grids for Future Sustainable Cities”**

**Virtually on October 22-24 and 30-31, 2021**

**IEEE Toronto Section will be the host for the annual IEEE Canada Electrical Power and Energy Conference (EPEC 2021)**

## **BECOME A SPONSOR TODAY**

EPEC 2021 is a well-established conference that provides an opportunity for experts from industry, academia, government sector and other interested organizations from Canada and abroad to present and discuss the latest developments in the electric power and energy systems. This includes debate on the potential impact of these developments on society. The conference provides an international forum for the presentation of peer-reviewed papers and presentations on power and energy research and development, applications and their implementations.

**Topics:** The EPEC 2021 welcomes submission of papers related to the conference theme including, but not limited to, the following topics:

- Digital Transformation of Power and Energy Systems
- Real-Time Simulation
- System Resilience
- Active Distribution Systems
- Power System Protection and Wide Area Protection
- Power System Stability and Control
- AC/DC Power Quality
- Distributed Energy Resources
- Microgrids and Isolated Grid
- Electric Vehicle Infrastructure

**EPEC 2021 (Electrical Power and Energy  
Conference) “Renewable Energy and Smart  
Grids for Future Sustainable Cities”**

- Cyber Security
- Data Mining, Artificial Intelligence
- Machine Learning
- Smart Grids
- Wireless Power Transmissions
- Electrical Machines & Drives
- Transactive Energy and Electricity Markets
- HVDC, FACTS and High-Power Converters
- Renewable Sources of Energy and Cogeneration
- Small Nuclear Reactors (SMRs)
